

YOU DONT HAVE TO BREAK THE BANK

EASILY INTEGRATED

WORKS WITH ALMOST ANY EXISTING EQUIPMENT

CUT COSTS

A cloud-based solution using military-grade-encryption allows Trident 1 to provide consolidated services at a lower cost, giving you the flexibility to use any device you want with integrated credit card processing.

MANAGE STAFF

Evolving time clock and commission reports offer split commissions and seamless payroll reporting (supported by the integrated time-clock module).

SAVE TIME

Redundant data entry in multiple software products, manual processes, and non-integrated third-party accounting has required gun stores to waste time on routine tasks.

GROW

Reporting features include lost sales, sold and retained statistics, age statistics, single members versus family statistics, lead salesperson data, and much more.
