

TRIDENT 1

FFL SOFTWARE

Trident 1 POS includes fully integrated functionality to manage every facet of your gun store business in one solution, including POS, distributor integrations, eCommerce, range management, gunsmithing, and compliance; e4473, bound book, etc., all in a single real-time cloud, one-stop-shop solution.

**THE MOST
FUNCTIONALITY
WITHIN ONE
CLOUD BASED
PLATFORM**

**STILL THE
LOWEST PRICE
IN THE INDUSTRY**

Our monthly SaaS (licensing) fee, is one of the lowest in the industry and is not charged per user/counter (as some of our competitors charge). You can have as many users as your operation requires.

SAVE TIME

No other retail POS provider comes close to offering simplicity, efficiency, and the functionality that Trident 1 delivers for FFL businesses.

SAVE MONEY

Our credit card processing saves firearm retail customers by reducing overall processing rates and fees against your current provider.

EASY TO USE

We provide video training tutorials as well as on-site implementation. Phone and email support is always readily available.

GO ANYWHERE

Cloud-based eCommerce and management software that can be accessed from anywhere, on any device. You're never tied to a terminal.
